

Quality Policy of ADZ NAGANO GmbH

As part of our duty of care and to meet customer expectations, we define the quality policy of ADZ NAGANO GmbH.

It is characterized by the following quality principles:

- Securing customer satisfaction
- Management tasks are aimed at avoiding mistakes
- Securing continuous growth and innovation rates
- Development of quality awareness of employees
- Qualification of employees
- Continuous analysis and monitoring of the products and methods
- Continuous improvement of processes and procedures
- Coordination and evaluation of the quality-controlling measures
- Involvement of interested parties in the quality management system

Our actions are always directed to ensure that all activities that affect product quality have planned, managed, monitored and improved, and contractual requirements are met.
