*... what you get from us ?*

4. [Services](#)

*... what sets us apart ?*

5. [Contact](#)

*... how to get your individual solution ?*

## ADZ NAGANO

- Foundation
- Location
- Employees
- Sales
- Certification

## ... who we are ?

... **your partner in customer-specific solutions for pressure-, temperature- and force-measurement**

... *October 1998*

... *GmbH in private + partner ownership*

... *Ottendorf-Okrilla [ near Dresden ] Germany*

... *116 incl. ~25 R&D [ @2026 ]*

... *21 Mio € [ @2025 ]*

... *Company IATF 16949:2016*

*EN 9100:2018*

*ATEX / IECEx*

... *Products*

*EC79/406 ECE-R10 ECE-R110*

*German Lloyd Rail UL MIL*

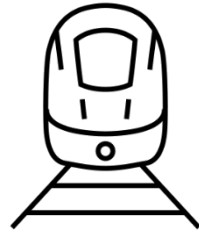

**ADZ NAGANO**

**... pressure-, temperature- and force-sensors/switches  
for all industries**

### ADZ NAGANO

... we measure everything !

- Sensor portfolio

*transmitters*

*sensors*

*electronic switches*

... for measuring of ...

*pressure* [ absolute, gauge, differential ]

*temperature*

*force*

... and combined

- Measuring range

... 2 mbar <> 5T bar    -200 °C <> +200 °C

- Environment

... harsh, chemicals, fuel, oil, gas, food & beverage, water

### ADZ NAGANO

... we do great things on a small scale !

- USP

... providing your ideal, 100% tailor-made solution for specific requirements in specific application

... no matter what your challenge is, we develop your ideal solution !

### ADZ NAGANO

... *our products – as individual as our customers !*

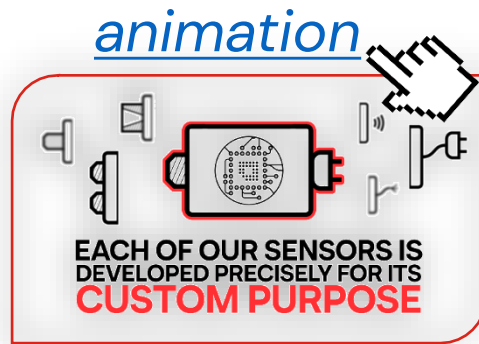

- Modular system

... *each sensor consists superordinate of a ...*

**WE MEASURE EVERYTHING**  
ADZ NAGANO GmbH

CONFIDENTIAL

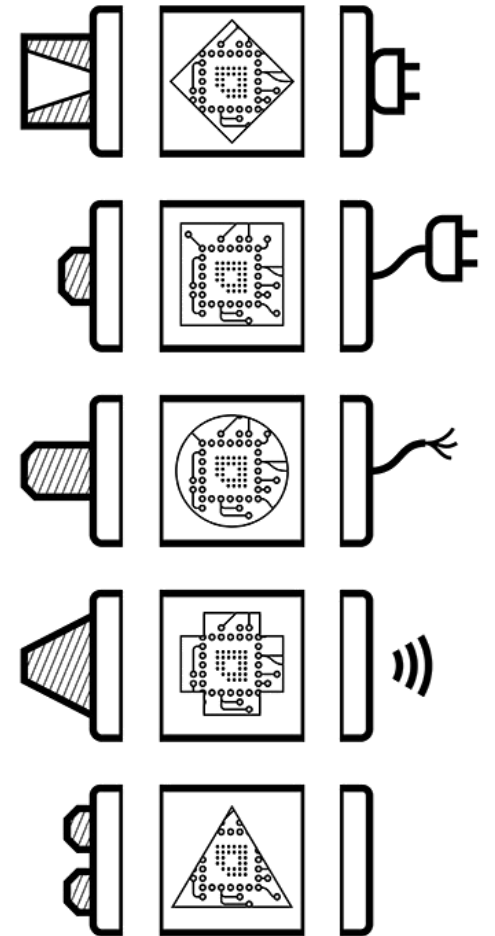

... the content  
but not the contact

*mechanical connection*

*signal converter*

*electrical connection*

... [the respective alternatives can be found here](#)

### ADZ NAGANO

... **countless variants - also as a single piece !**

- Electrical connection
- Signal converter
- Mechanical connection

*standardized components + assemblies*

*>> can be ... used for customized solutions  
... modified application specific*

*standardized designs + internal interfaces*

*>> flexible production*

*absolute decoupling from test medium*

*material selection compatible with test medium*

*standardized design + highly automated production*

### ADZ NAGANO

... *your partner at eye level !*

- Experience
- Passion
- Cleverness
- Flexibility

... *development + testing + verification + qualification*

... *product life cycle + replacement management*

... *product and sensor system design + integration*

... *intelligent modular system*

... *optimal degree of automation*

... *prototype manufacturing [ ≥1 pcs ]*

... *serial production [ up to 120T pcs/y ]*

>500T units of >5T specific sensor types for >1.5T satisfied customers worldwide

... *a good feeling not only for us !*

THANK YOU VERY MUCH
